SPECIAL PROVISIONS
designed to facilitate
equitable conditions of mobilization

Deferring of Training Periods to Avoid Individual Hardship
If the Board is satisfied that the calling out to any man for military training will cause extreme hardship to those dependent upon such man, the Board may, from time to time, postpone the training period of the man. Provided that such man shall apply for a postponement order in accordance with the provisions of subsection one of section ten of the regulations.

Postponement Applications Must be Made in Writing
No application for a postponement order may be made otherwise than in writing, by the man called out, to the Divisional Registrar who issued the "Notice—Medical Examination" and within eight clear days of the date appearing on such notice.

Any person who appears before a Board shall do so at his own expense.

War Industry and Seasonal Occupations Given Consideration
In the national interest, applications for postponement of training of men engaged in war industries, or in essential occupations, may be addressed to the Divisional Registrar concerned.

Eligible Men Must Not Leave Canada without Authority
Notwithstanding that subject who is liable to be called out for military training shall, after his age has been called out by proclamation, leave Canada at any time, unless he has been authorized in writing by the Chairman of the Board to whose jurisdiction such man is subject.

Eligible men must notify authorities immediately of change of address or marital status
If you are a single man or childless widower between the ages of 19 and 45 and if you change your address, or if you marry, you must immediately notify

THE NATIONAL WAR SERVICES DIVISIONAL REGISTRAR IN THE DIVISION IN WHICH YOU ARE REGISTERED

If you do not know the name and address of your Divisional Registrar, ask at your local post office.

Failure to comply with this requirement may subject you to a fine or imprisonment.

CIVIL RE-EMPLOYMENT
Provision has been made for the reinstatement of men in their positions of employment, after their periods of training or service, under conditions that will facilitate their re-entry to civilian life.

LEGION BANQUET AT QUEENSTOWN SUCCESSFUL AFFAIR

(By Special Correspondent)

Having in mind the problems that confronted the young men upon their return to civil life after the war of 1914-18, the Canadian Legion, B.E.S. is maintaining every effort to see that plans are laid now for the rehabilitation of the young men from the present war.

With this in mind the members of the Canadian Legion, Glenora Branch No. 13, entertained their friends at a banquet at Queenstown about 125 sat down to a truly royal feast provided by the ladies of Glenora and Queenstown, and many guests who may have stirred in the minds of the old die-hards of twenty-five years ago, of bull beef and hard back were now forgotten by the feast at hand.

Returned men with their families from many surrounding points were present and included Ralph Henderson, S. G. Pelley and Jimmy Engle were on hand from Calgary.

Comrade Wm. Oley was master of ceremonies, and proposed the toast to Canada's Sons and Daughters on Active Service. He referred to the fine spirit of patriotism and pride of citizenship that inspired the people of the Queenstown district served by the Glenora Branch of the Canadian Legion to give their utmost support to every phase of the war effort, and to their record of achievement in the C.A.S.P. of which we have a right to be proud, and their willingness to share in the sacrifices necessary to achieve victory.

Comrade Ralph Henderson, replying to the toast paid compliment to the chairman and others present, and looking over those present he continued: "I remember many of these faces in years gone by. I know this district very well the farming of the district and the people who live in it, and it is a very great pleasure to come here and to be among your smiling faces. I don't know why you have smiling faces as apparently you have come through some very hard times. You people are the cream of Canada, you raise your sons and daughters in spite of the hardships you have gone through, then your sons answer the call of Canada, as their fathers did before them. It does you have good to come through this rural district and compare your war effort with that of our cities. We in the cities do not know what it is like on until we get out in the wilderness like this—your a wonderful record—Canada is proud of you people. I heard your president speak of the things you have done in pe-

time visiting his brother R. B. Hayes. Mr. Hayes for some years farmed three miles straight north of here and selling out moved to Utah. While in town he had much pleasure meeting many of his friends of years ago.

A resident of Evenden Home for the past five years Jefferson Walker, aged 60 years died Thursday. He came here from Lethbridge. Funeral services were held Friday afternoon with Com. Hardy of the Salvation Army officiating after which interment was made in Evenden cemetery.

According to word received by Mrs. Hamar from her son Bill and family, who are living in Belfast, Ireland, they came safely through the recent German bombing of that city. Bill was expecting his old Glenora school mates, Major W. Taylor and Lt. J. Cook to visit him during his stay in the hospital, which expired to spend a few days at his home. Bill states in his letter that he wants any Glenora boys who are in England to visit him and consider his house as their home. In conclusion he states he gets very homesick for Glenora when he meets any of the boys.

Maritime newspapers received by local people who came from P.E.I. describe the landing of Capt. Balfour, British Undersecretary for Air, as "Charismatic" last Thursday evening. He had with him a large number of prominent air men and intended to land in Montreal that evening but storming the navy for banks in the gulf they headed south to Charlottetown, and were just in time for dinner. They had breakfast Glasgow, Scotland and left immediately after on their overseas hop. Talk about flying. This seems to be a record. It is the first time since the officials had seen P.E.I. and Capt. RED CROSS NOTES

(By Converse Mrs. S. E. Dufoe)

Word was received from F. O. G. Walker, saying that he had received a parcel from the Glenora Red Cross in which several Glenora people had made enclosures. Good friends of the Red Cross and who helped in making up this parcel. Another one is going forward this week in hopes he may receive it before winter. Being a prisoner of war in Germany isn't a very pleasant existence and parcels do cheer him up a bit.

We gratefully acknowledge two quilt tops from Mrs. Riddell and a box of gooseberries from Mrs. Bogtice. These were sold to various Red Cross workers netting the work room \$14.00.

It is such donations as these that we want up and help in the work of war days. Mrs. Dufoe is spending a few weeks in Calgary this week and will visit division headquarters getting a line on the latest requirements for overseas shipments. Preparations are already under way for the Christmas cheer parcels for our own boys overseas.

THE WORLD OF WHEAT

The Canadian Seed Growers Association has held its 37th annual meeting, this year in Quebec. Matters of interest in French speaking and English speaking sections of the farmers alike were considered. The necessity for an increased production of high quality vegetable seeds to replace those usually imported from Europe; the production of seed of the new higher yielding hybrid corn varieties, which have swept like a prairie fire across United States, and which are now being introduced into Canada; and the simplification of the notations of the generation pedigree of registered seed were discussed by the delegates present who represented every province in Canada. But how the Association could best help Canada's and the Empire's war effort in the topic with which the members were mainly concerned.

At the annual dinner, Mr. Adlard Goddard, the Premier of Quebec, made a most inspiring address. "The French-speaking Canadians," he said, "will match every sacrifice made by the English speaking Canadians, both in the providing of money, of work and of man power for the armies. Quebec is ready to fight to the last sacrifice, for we are the great Empire and of our war of life."

as the Queenstown, Mills, Gleichen and Innisfail, and the active interest they take in the work, that makes the Legion and gives it strength. He further remarked that the young soldiers of the present war would be able to take over and work out their problems through the organization of the Canadian Legion now in existence, and with a knowledge of their problems and the machinery, we of the Legion have built up, we will be able to give them valuable assistance. Many men with families are being sent overseas while young able physical fit men are, still walking the streets. Many of those serving today are some of those who served in the last war, and many of the others would only go under a policy of conscription. If Hitler was ever to invade England and take that country he would find a country with no living there. He emphasized the duty of the Legion was to see that the men who return from service are given preference in all civil service jobs, and that all employers should be asked to cooperate to the end, it will be the duty of the Canadian Legion to see to it that those young able men who stay back shall not be given preference in jobs over those boys who have offered their lives for their country.

"CALLING ALL CARS"

Save Gasoline

A NATIONAL EMERGENCY

Canada is right up against an acute shortage of gasoline and fuel oil. Tankers that normally supply our country have been commandeered for vitally important overseas service.

The Commonwealth Air Training Plan, the rapid development of Canada's mechanized army units and the great work carried on by our corvettes make the demand for fuel urgent.

Our crude oil intake is limited. There is just one thing to do if our fighting forces are to carry on with a "full tank". Every Canadian motorist is asked to cut his daily gas consumption in half!

There are many ways by which this 50% saving can be made... ways and means to give you more mileage per gallon. You can drive slower so that you will use less gasoline. You can go fifty-fifty with your neighbours, inviting each other to share cars... for business, and for pleasure. People can readily go to and from work together, using one car instead of four... using one gallon of gasoline instead of several. Women as well as men can make these savings.

The amount of gasoline used in Canada for business, social and non-essential activities is amazingly high in proportion to that used by our fighting forces. One look at the figures would convince you that this situation must be reversed.

Canada does not ask or request you to put your car up. She merely asks for your help... asks that you walk sometimes when the distance isn't too great.

That you take a shorter drive on Sunday afternoon... that you look after your car and keep it in good condition... that you say to your neighbour: "Let's use my car today. Jim will use yours tomorrow."

Every day, in greater and greater quantity, we must release gasoline and oil by the thousands of gallons to our throbbing munitions plants... to our tanks and armoured cars... to our fighting planes and bombers... to our corvettes and merchant ships that ply the vital sea-lanes... so that the day of victory may sooner be at hand.

Will you help?

It is also vitally important that you reduce the use of domestic and commercial fuel oil.

17 easy ways towards a 50% GASOLINE SAVING

(Approved by Automobile Experts)

Reduce driving speed from 45 to 40 on the open road.

Avoid jack-rabbit starts.

Avoid useless or non-essential driving.

Turn motor oil when not in use, do not leave idling.

Don't race your engine; let it warm up slowly.

Don't strain your engine; change gears.

Keep carburetor cleaned and properly adjusted.

Tune up motor timing, etc.

Keep spark plugs and valves clean.

Check cooling system; overhauling wastes gasoline.

Maintain tires at right pressure.

Lubricate efficiently; worn engines waste gasoline.

Drive in groups to and from work, using cars alternate days.

For golf, picnics and other outings.

Use one car instead of four.

Take those short shopping trips ON FOOT and carry parcels home.

Walk to and from the movies.

Boat owners, too, can help by reducing speed.

Your regular service station man will gladly explain these and other ways of saving gasoline. Consult him.
